

# Zhaoqing Transportation Company Saves RMB171,959 p.a with Mobil Delvac MX 15W-40

**Engine of Passenger Vehicles,  
Zhaoqing Transportation Company,  
Guangdong,China  
Mobil Customer since 1997**

## Objective

Reduce operation and maintenance costs.

## Solution

Run a trial on coaches using the premium commercial engine oil, Mobil Delvac MX 15W-40 and determine the operational and maintenance cost savings through extended oil change interval and better performance of lubricants.

## Result

- The oil change interval was doubled
- When overhauling engines which had already run for more than 700,000km, wear of cylinder,piston and crankshaft was still within new engine specification.

## Benefits

Cost savings of RMB171,959 p.a was achieved. With most coming from:

- Reduced oil consumption
- Reduced engine oil filter cost
- Reduced labor costs for oil changing
